

## Year 9 Options- Research Task

Below are a list of options that we will potentially offer. Please note that subjects will only run if enough students opt for it. Therefore, **some of the subjects from the list below might not appear on your final list.**

In the lead up to choosing your options, you need to take responsibility for carrying out independent research into the subjects on offer. Over the coming weeks, please use the internet and speak to your teachers to find out as much as possible about the subjects on offer. Record your findings on the grid

Subject and exam board	Teacher	Exam and NEA details	Which units interest you?	Notes from conversation with teacher and teacher signature.
