

# PARENTS & CARERS

## DofE Wales Parent and Carer Information Sessions

DofE Wales are hosting virtual information sessions to give you more information about DofE and how you can best support a young person through their DofE Award. The first set of sessions are in September and will cover what is DofE, and what you need to know if your young person is getting started (or considering getting started) with their DofE. The second set of sessions are in November and will focus on how you can support your young person to continue with or complete their DofE programme – including using the online system eDofE, collecting evidence and assessor's reports. There will also be an opportunity for you to ask questions at each session.
