

## **Google Classroom Codes**

### **Year 13**

In order to support our pupils through this time, we will be providing distance learning using Google Classroom. Teachers are able to set and mark work via this platform. Pupils will be able to ask questions to gain further clarification in a safe, education based virtual environment. For a parents' guide to Google Classroom, please go to: [shorturl.at/ovEH7](https://shorturl.at/ovEH7). At St Richard Gwyn, this is our second year of using Google Classroom with all year groups, so pupils are already very familiar with the format and tools. They will already be a part of many of the classrooms below. Pupils will need to use the class code shown below to join the classroom if they haven't already.
