## Why learn an instrument

Learning an instrument can make a huge difference to a child's development and to a person's life - from building confidence and enhancing memory to creating social groups and making friends.

The benefits of playing music include reduced stress, improved patience, discipline and time management skills, whilst stimulating creativity, teamwork and leadership. Most of all playing an instrument is active and fun.

We offer a range of learning experiences - from group lessons to 1-2-1 sessions - the choice is yours. We create a warm, supportive and nurturing environment in which to learn.
